Professional Summary

Computer Science Engineering student and aspiring Full Stack Developer with hands-on experience building MERN-based web applications and GenAI projects. Skilled in React.js, Node.js, Express.js, MongoDB, and REST APIs, with a strong interest in developing scalable and user-focused applications.

Technical Skills

Programming Languages: TypeScript, JavaScript, Java (Basic Understanding), HTML, CSS
Frameworks & Libraries: React.js, Redux, Tailwind CSS, Vite, Next.js
Developer Tools: Git/GitHub, Postman, VS Code, npm
Databases: MongoDB Atlas, PostgreSQL

Experience

Groot Software — Feb 2024 – May 2024

Full Stack Web Development (MERN)

- Built full-stack web applications using MongoDB, Express.js, React.js, and Node.js. Developed seamless integrations between user interfaces and backend systems using APIs and databases to ensure scalable and efficient application performance.
- Delivered responsive user interfaces, maintainable code, and full-stack solutions focused on usability and performance.

Projects

Airbnb Clone – Full-Stack Web Application | *Node.js, Express.js, MongoDB, Mongoose, EJS, Tailwind CSS*

- Developed a full-stack Airbnb-style accommodation booking application using Node.js, Express.js, MongoDB, and EJS.
- Implemented user authentication and session-based authorization with persistent sessions stored in MongoDB.
- Built functionality for users to browse homes, view property details, manage favourites, and interact with accommodation listings.
- Structured the backend using MVC architecture with separate routes, controllers, models, views, and middleware.

AI Interview Studio – Full-Stack GenAI Application | *Node.js, Express.js, MongoDB, Google GenAI, JWT, Axios, Vite*

- Developed a full-stack AI-powered interview preparation platform with user authentication and interactive interview workflows.
- Built REST APIs using Node.js and Express.js with MongoDB and Mongoose for persistent user and application data.
- Integrated Google GenAI to support AI-driven interview functionality and intelligent response generation.
- Implemented document handling using Multer and PDF parsing for processing uploaded files.

Education

Jayoti Vidyapeeth Women's University (JVWU) — 2023 – 2027

B.Tech in Computer Science Engineering | GPA: 8.0 — *Jaipur, Rajasthan*

Dayanand Sr. Sec. School — 2023

12th CBSE Board – Science Stream | Percentage: 75% — *Sirsa*

Dayanand Sr. Sec. School — 2021

10th CBSE Board | Percentage: 80% — *Sirsa*
